

**When you're a part of something amazing - it shows!**

“I am inspired by the opportunities BPA offers students and the way it has impacted my life.”

-Kaleb Amofa, Ohio

“I want people to know that BPA is more than just another competition, more than just another organization. It is a REAL opportunity that gives students like me a chance to be professional and develop social skills that are expected in a regular work environment.”

-Pankti Desai, Delaware

# Brighten Your Future

Providing members with  
opportunities for growth through  
education, competition and  
community service

As a member of Business Professionals of America (BPA), we empower you to discover your passion and change the world by creating unmatched opportunities you can't find anywhere else!

BPA is a comprehensive student membership organization that gives you the competitive edge needed to succeed beyond the classroom. With 45,000 members in over 1,800 chapters across 25 states and Puerto Rico, BPA is your select organization that supports and builds each student one skill at a time.

We provide career growth exploration for students at every stage of your educational journey. Opportunities with BPA bring you new challenges and allow you to cultivate skills needed in the workplace. Combine purpose with passion and create the future you deserve with your unique skillset.

# It all starts with the four C's

CO-CURRICULAR

COMMUNITY SERVICE

COMPETITIONS

CERTIFICATIONS

**Our student membership offers many perks and advantages beyond the four C's, which include, but are not limited to:**

- ▶ **Leadership Courses** Participate in online training, projects and life skills development programs that will prepare you as a leader.
- ▶ **Networking** Build confidence, get advice, support and develop long-lasting personal and professional relationships that will help prepare you for your career goals.
- ▶ **Earn Industry Certifications** Validate your abilities by obtaining industry-specific certifications that give you a competitive edge.
- ▶ **Fall, Regional, State and National Conferences** Participate in conferences for leadership development, competitions, elections and more.
- ▶ **Competitive Events** Prepare for and compete in over 90 experiential learning-based contests in the areas of accounting, finance, business administration, management, information technology, digital communication & design and marketing, while demonstrating workplace skills attained through business education curricula.
- ▶ **Build Your Résumé** Showcase your newly acquired skillset to get that job you want!
- ▶ **Volunteer Opportunities** Develop skills and apply the knowledge learned in coursework through a broad range of volunteer opportunities nationwide.
- ▶ **Stretch Past The Classroom** Participate in an organization that has the same opportunities regardless of age or experience while achieving national recognition.
- ▶ **Service Opportunities Through BPA Cares & Torch Awards** Tap into worthwhile service with national recognition, adding meaningful reward to your résumé.
- ▶ **Community Service** Become actively involved in community betterment, school improvement, election-year activities and be recognized for involvement in engaged citizenry.
- ▶ **High Performance Programs** Learn to think critically, communicate effectively, develop reasoning and problem-solving skills and maximize your potential.
- ▶ **Real-World Skills** Enhance valuable soft skills in professionalism, public speaking and many more, aimed to prepare you for college or career and maximize your long-term success.
- ▶ **and More...**
